

GOODS FOR THE GARDEN

**VOLUME 8
MAY 2008**

Bringing together exceptional garden products, unique resources & successful solutions for the garden

For more than a decade now Potters for Peace has counted on our friends to support our annual pottery sales fundraising events. This year, our International Coordinator from Nicaragua, Ron Rivera, will be on hand to share the Potters For Peace Ceramic Water Filter, which is now being produced in 25 locally owned factories worldwide, bringing clean drinking water to thousands of the world's poorest people and creating successful micro-enterprises.

We invite you to participate in this special sale event, which is to be held May 17 & 18 at

**The Clayton Foundation
Clayton College
3801 Martin Luther King Blvd.
